VOCOLLECT'S  
**SRX2 WIRELESS HEADSET**

Changing the Way People Work  
in the Warehouse & Distribution Centre

**Vocollect**<sup>®</sup>  
by Honeywell

# Cutting-Edge Improvements. Bottom-Line Benefits.

The SRX2 wireless headset from Vocollect sets an entirely new standard for how workers work in the warehouse and distribution centre, greatly enhancing the worker experience by providing the most comfortable and ergonomic wireless headset option available. When combined with Vocollect's ground breaking SoundSense™ voice recognition technology, the SRX2 wireless headset offers unmatched accuracy. The innovative, shareable component design enables shared use of electronics across multiple shifts, reducing both the up-front cost and the ongoing cost of ownership. Vocollect's Advanced Speech Recognition Protocol™ ensures zero loss of speech data, thus providing the highest levels of accuracy and worker performance.

## Setting a Higher Standard in Wireless Headsets

### Superior Speech Recognition with SoundSense™ Technology

The SRX2 wireless headset provides an embedded multi-microphone array to reduce unwanted word and sound insertions by more than 50% compared to other headsets used in the warehouse or distribution centre. It uses high-fidelity acoustic sampling for higher audio clarity.

### Innovative Shareable Component Design

The ground-breaking shareable component design of the SRX2 wireless headset provides management and workers the ultimate wireless headset solution without compromise. For management, the SRX2 offers the workforce an industry leading solution with the greatest operating performance capabilities whilst offering the business a reduced investment option. For the worker, the SRX2 wireless headset provides the most comfortable and ergonomic wireless headset option available (including our 280° spin design).

### A Wireless Headset Solution for All Environments

The SRX2 wireless headset provides you with the ultimate in operating environment flexibility. It is designed and certified to operate in dry, cool, freezer, high noise and fast paced piece picking environments. It also provides you with great battery performance. You can expect charges to last in dry environments up to 20 hours and up to 10 hours in the challenging freezer environment (operational down to -22°F).

# Vocollect SRX2 Wireless Headset

The Leading Wireless Headset for the  
Distribution Centre & Warehouse Worker

*"The Vocollect SRX2 wireless headset is an exciting headset solution option that operates across our various working environments. The extended battery life means we don't have to change batteries during a shift, including our freezer operations."*

*- Operations Manager*

1. Advanced Speech Recognition Protocol ensures zero loss of speech and audio information, unlike consumer Bluetooth® headsets, in order to provide the best voice interaction experience, even in highly congested environments.

4. Compact batteries that last two full shifts in dry facilities and up to 10 hours in a freezer environment with intelligent battery management that predicts battery life.

2. Padded headband with 280° spin for multiple levels of user adjustment helps improve overall user comfort.

5. Flexible multi-microphone boom for left and right ear configurations for enhanced user comfort.

3. Self-evident user controls for quick training and enhanced usability.

6. Hygiene and health-centric design with personalised headbands and microphone caps.

## Compare the Vocollect SRX2 Wireless Headset for Yourself

CAPABILITY	VOCOLLECT SRX2	OPTION B
SoundSense™ Technology offering unmatched speech recognition accuracy against unwanted sound insertions	✓	
Advanced Speech Recognition Protocol for congested working zones often encountered with consumer Bluetooth headsets	✓	
Shareable component design for reduced operating cost	✓	
Padded headband with 280 ° spin for multiple levels of user adjustment	✓	
Self-evident user controls for quick training and usability	✓	
Simple user access and easy to change battery design	✓	
Flexible multi-microphone boom for left and right ear configurations	✓	
Personal hygiene and health-centric boom microphone	✓	
Certified in multiple operating environments including high-noise and freezer areas (down to -22°F / -30°C)	✓	
Predictive Battery Replacement indication and Intelligent Battery Management for improved understanding of battery life	✓	

### SRX2 Technical Specifications

Low operating temperature:	-22°F (-30°C)
Low storage temperature:	-40°F (-40°C)
High operating temperature:	122°F (50°C)
High storage temperature:	158°F (70°C)
Water & dust resistance:	IP-54
Humidity:	5%-95% condensing
Microphone:	Sealed, noise cancelling
Drop resistance:	24 drops from 6 ft. (1.83 m) at low and high operating temperatures
Weight with Battery:	6.84 oz. (194 g) with stability strap
Battery:	High performance battery. Typically provides 10-20 hours of service.
Bluetooth Version:	v2.1

*“Our workers really like the comfort features of the SRX2 wireless headset. The ability to operate without a wired headset is a real safety improvement for the worker. The SRX2 has so many personalisation features that enable each worker to make their own adjustments that it’s like we purchased custom headsets for each worker.”*
